Differences between Carhartt Regular and Carhartt Tall Sizes:

Outerwear, Long-Sleeve Shirts, Short-Sleeve Shirts, and Sweats: Tall sizes are 2" longer than regular sizes. Tall sleeve lengths are 2" longer than regular sleeve lengths.

Coveralls: Tall sizes are 1" longer than regular sizes. Tall sleeve lengths are 1" longer than regular sleeve lengths.

How to Measure Your Body for Size

Neck: Measure around your neck at the point where a shirt collar band encircles the neck. Insert a finger between the tape and neck to allow for comfort.

Chest: Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

Waist: Tape measure should be straight around waist where pant waistband normally sits. Keep tape comfortably loose. **Women:** Measure at the natural waist line or narrowest part of waist.

Sleeve: With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

Hip: Standing with heels together and with tape parallel to the floor, measure the fullest part.

Inseam: Measure a similar style pant that fits well and is the desired length. Measure from the crotch seam to the hem.
